

Computer Installation & Repair

NEW! Cisco IT Essentials 5.0 - CompTIA A+ Certification Prep

Get Started on your IT career! Do you want to pursue a career in IT and gain working knowledge of how computers work, how to assemble computers, how to troubleshoot hardware and software issues?

South Suburban College and Cisco are pleased to announce an update to the popular PC Hardware and Software course IT Essentials also known as A+ Training Prep. Learn how to repair, install, and maintain PC's. This course covers new information, aligns with the new certifications of CompTIA A+, and includes virtual learning tools to help students become familiar with the components of desktop and laptop computers.

Cisco IT Essentials 5.0 provides access to the knowledge and skills necessary for computer technicians and entry-level IT works to **prepare you for the CompTIA A+ exam**. The new course version includes laptops and portable devices, wireless connectivity, security, safety and environmental issues, and communications skills.

Learn by "doing" - You will have hands-on activities and virtual lab-based learning to become familiar with various hardware and software components and discover the best practices in maintenance and safety.

Classes are currently running at both campuses

Get started with your IT career Now!
