

SSC STUDY ABROAD PROGRAM SEVILLE, SPAIN

Seville is the capital of southern Spain's Andalusia region. Sitting on the banks of the Guadalquivir River, Seville has a rich Moorish heritage. The streets and squares in the historic quarter provide a lively version of the culture and beauty of the region. The ornate Real Alcázar castle and grounds, built during the Moorish Almohades dynasty, was registered in 1987 by UNESCO as a World Heritage Site. The gothic Cathedral de Santa María de la Sede is the site of Christopher Columbus's tomb and a minaret turned bell tower, the Giraldo. The General Archive of the Indies is the world-renown repository of rare archival documents illustrating the history of the Spanish Empire in the Americas and the Philippines. Culturally, Seville is the heart and soul of flamenco, the national dance of Spain.

ICISP and the International College of Seville (ICS) offers an intensive Spanish language program every summer. The ICS Intensive Program is four weeks in duration, providing students with an opportunity to experience and understand Spanish society and its institutions through direct exposure to Spain's history, art and contemporary society. The program provides an excellent introduction for students planning to work in fields requiring a thorough knowledge of Spanish language and culture.

The ICS Intensive Summer program offers Spanish language (3-4 credits) at three levels: Elementary I/II, Intermediate I/II and Advanced I/II. All courses meet four hours daily, Monday through Friday. Students also enroll in a Cultural and Society class that includes experiential learning via outings to local museums, monuments and cultural sites (3 credits).
