Subject:

Proposal for Transcript Fee Increase

With the introduction of electronic transcripts, our transcript processing time will be drastically reduced and much more efficient for students. Currently transcripts range from \$5.00 to \$35.00 depending on how it is processed. Transcripts sent via U.S. mail are the least expensive at a cost of \$5.00. Overnight transcripts are the most expensive at \$35.00. Electronic transcripts will eliminate the need to process transcripts at the higher cost. That being said, we reviewed the price of electronic transcripts at several colleges in the area. On average, the cost is \$7.10. In anticipation of loss of revenue as students are less likely to request immediate transcript processing (\$20.00), I am proposing a \$3.00 price increase that brings our total cost \$8.00 for transcripts.

The cost of transcripts has not increased since 2007 when it increased from \$3.00 to \$5.00.

^{*}Use of electronic version of lab manual dependent on instructor.

The book fee proposed for these courses would provide digital delivery of required instructional materials for their course, on or before the first day of class. This is in place of the cost of a physical textbook. These classes already include web-based materials, this process would minimize the steps needed to access, while providing substantial savings to the student. The process will include an option for students to opt-out and acquire materials on their own, as well as acquire a paper copy of the textbook.

An additional outcome from this process would be a higher number of students purchasing their course materials through the college. Data provided from other institutions shows a typical opt-out rate of less than five per cent per semester.

DATE: March 2019

SUMMARY

The position is responsible for providing executive leadership, administrative direction, operational, fiscal, personnel management, and evaluation in the areas of enrollment services (admissions, registration and student records), academic advising, student recruitment, student life and student recognition, veterans' affairs, disability services, first-year experience and athletics. The Vice President works closely with the Chief Academic Officer to ensure coordination between student and instructional services programs that support student success. The Vice President serves as a member of the President's Cabinet and also serves as the college's Title IX Liaison.

Those reporting to the Vice President of Student and Enrollment Services include the Director of Registration & Records, the Director of Recruitment & Retention Services, the Director of Athletics, the Dean of Student Development and the Dean of Student Services.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following. Other duties may be assigned.

- Provides student support throughout the stages of student life including entry, progress, completion, and transition.
- Provides leadership with enrollment strategic planning, evaluating new and existing services, resources and programs to promote student persistence, retention and completion.
- Provides budgetary oversight for all areas within Student and Enrollment Services and recommends the budget to the President.
- Coordinates the planning and implementation of staff development for faculty and professional employees in Student and Enrollment Services.
- Attends Board of Trustees meetings, represents the College on the state wide or area groups as designated by the President.
- Ensures ongoing compliance with Title IX by collecting and analyzing data, writing comprehensive reports and maintaining records of investigations.
- Serves on various planning and policy making committees; recommends and participates in the development of college policies and procedures.
- Oversees collective bargaining matters including faculty grievances and faculty negotiations within Student and Enrollment Services.
- Works in collaboration with VP of Academic Services to identify best practice strategies for development of retention, enrollment and completion initiatives.
- Recommends hiring, tenure, reappointments, promotions, and terminations of employees in all
 areas supervised. Identifies sources of external grant funding, coordinates the application for
 grants and manages the implementation of grant-funded programs.
- Monitors state and federal legislation and regulatory matters which impact students.

- Works in collaboration with colleagues across all divisions of the College in efforts to achieve and maintain accreditation by the Higher Learning Commission (HLC) of the North Central Association and other accrediting and program approval bodies.
- Performs other professional and administrative duties assigned by the President.
