Join us for an inspiring panel discussion featuring accomplished women from the GovState community who have built successful careers in STEM fields. Open to current students, prospective students, alumni, and community members, this hybrid event offers a unique opportunity to hear firsthand stories, insights, and advice from trailblazing women in science, technology, and mathematics.

Whether you attend in person on campus or join us online via Zoom, this event promises to spark meaningful conversations and connections. Don't miss this chance to be inspired and empowered to pursue careers in STEM!
