Course Fee Increase Proposal

Proposed Fee Increases for FALL 2026

New Inclusive Access Adoptions

The book fee proposed for these courses would provide digital delivery of required instructional materials for their course, on or before the first day of class. This is in place of the cost of a physical textbook. These classes already include web-based materials; this process would minimize the steps needed to access, while providing substantial savings to the student. The process will include an option for students to opt-out and acquire materials on their own, as well as acquire a paper copy of the textbook.
